

NAHAR NEWS | SEPTEMBER 2022

CII NATIONAL AWARD FOR ENVIRONMENTAL BEST PRACTICES 2022

We are so stoked to share that we have been awarded the title of 'The Most Innovative Environmental Project' by CII at the 9th edition of National Awards for Environmental Best Practices, Greenco Summit 2022 which aims at fostering and promoting sustainable models.

A huge shoutout to our wonderful team & the most amazing clan of customers as without them this milestone would never have been possible.

We were beyond honoured to have been shortlisted from 170 participating companies to present at HICC, Hyderabad to further advance the need & importance of Green initiatives in Indian industry. With over 200 delegates we were thrilled to share the stage with esteemed organisations like Tata Steel, Tata Motors, Cummins India, Honda and so on.

This achievement was an incredible platform to showcase benefits achieved from adopting green practices, an opportunity to share our best practices on sustainable businesses & an excellent forum to hear experiences of GreenCo Rated Companies. The entire team at Nahar is humbled to be one of the winners of the most prestigious National Awards in the Indian Industry.
